VIMY CHAPTER, O.E.S. CELEBRATE EIGHTH BIRTHDAY

On Monday evening the officers and members of Vimy Chapter No. 82, Order of Eastern Star, entertained at their eighth birthday anniversary in the local Masonic hall. Visitors were present from Coleman, Hillcrest and Bellevue, together with S'er Passmore, of the State of Michigan.

At the close of the regular business meeting, the guests enjoyed twelve hands of whist, interspersed with a delightful musical programme, consisting of piano solo by Miss Irene Chappell, vocal solos by Mrs. S. G. Bannan, violin solo by Mrs. Amy Jones and two vocal solos by Mrs. J. A. Kerr.

The last item on this programme was a piano solo by Mr. T. Edgar Roberts, of Coleman. All items were immensely enjoyed. Following the programme, tables were set and about one hundred guests sat down to a delicious repast. Tables were decorated with red tulips, yellow lilies and place cards in the form of a star, handpainted in appropriate Eastern Star colors. The beautifully decorated birthday cake was set on a small five-pointed star table, also bearing appropriate colors.

Seated at the head of the table with the worthy matron of Vimy Chapter, Sister K. Murray, were Mrs. M. Rees, Mrs. A. Davis, Mrs. A. L. Chappell and Mrs. J. L. Ferguson (all past matrons of the chapter), and W. Lord and W. H. Chappell, past patrons. Mr. A. E. Ferguson, worthy patron, was unavoidably absent. The subdued color lights, with only the burning candles on the birthday cake, while grace was being sung, made a very pretty effect. After supper, dancing was enjoyed until about 1:30 a.m., when the guests took their departure, all declaring the eighth anniversary a very enjoyable affair.

GREENHILL TEMPLE CELEBRATES ANNIVERSARY

Fully two hundred attended the anniversary celebration staged in the Lodge hall last night, when, besides about one hundred per cent representation locally, guests were present from Lethbridge, Corbin, Hillcrest and Coleman.

Following twelve hands of whist, a lengthy programme of music was rendered, coupled with a play that elicited uproarious laughter throughout. Contributing to the musical programme were Mrs. S. G. Bannan, Mr. and Mrs. Thomas, of Hillcrest, Mr. Arthur Hadwell, Billie Royle, and Roy Upton, while Miss Nellie Royle, Mrs. J. W. Smith and Mr. Tom Beynon accompanied on piano. A feature of the evening's programme was the observance of Mother's Memory, when Sister Emma Kidd, past chief, in a very able manner addressed the gathering and called upon Mrs. Gray and Mrs. Fines, the two oldest mothers connected with the local lodge, to whom beautiful bouquets were presented, bearing the greetings and well wishes for continued longevity of happy life from the members of Greenhill Temple No. 10.

Tables were set and a dainty supper served, following which the huge birthday cake was cut and dispensed with ice cream. Whist prizes were distributed, followed by about two hours of dancing.

We have heard no favorable comment upon the posters brought in from Saskatchewan to announce the Cowley Victoria Day sports. As a work of art the job was an absolute failure, for the most important lines on the bill could scarcely be seen without very close scrutiny. There are printing offices in the district that could have turned out a far more satisfactory job, and at the same time give free writeups to the value of whatever has been paid to the Saskatchewan office. Once again is demonstrated that it pays to patronize home industry.

BOY SCOUTS' MEETING

With fifty members of the Crows' Nest Pass Boy Scouts clamoring for a summer camp, a general meeting of the executive was held in the Greenhill hotel, Blairmore, last night. Delegates from Hillcrest, Bellevue and Blairmore, together with the district scout master and assistant scout masters, were present, and decided to make every effort towards establishing a Boy Scout camp at Cole's ranch, South Fork, during the month of July. The suggested location is near the junction of the Castle and Caribou rivers, and will be an ideal spot for the Boy Scouts to make camp.

Hillcrest has seventeen boys, Bellevue twelve, and Blairmore fifteen, under command of Scout Master J. V. McDougall and three assistant scout masters. Training according to the Boy Scout code has been in effect for some months past, and the young scouts are rapidly rounding into shape.

Finances to keep these troops in camp for a ten-day period will be heavy, in addition to which the boys will have to be assisted in obtaining equipment owing to the economic depression existing in the district, and the inability of the parents to provide the necessary accoutrements themselves, but the general committee decided that every effort would be made in the three towns to establish the scouts on a good financial basis. W. R. Wain and J. J. McIntyre, Bellevue; H. O. Westrup and H. Low, Hillcrest; and J. E. Gillis and C. J. Tompkins, Blairmore, were the members of the executive who were selected to make a financial campaign of the different towns.

BLAIRMORE PUBLIC LIBRARY

New books placed on the shelves this week are:

Fiction—*Triumph of the Scarlet Pimpernel*, by Baroness Orczy; *The Canary Murder Case*, by Van Dine; *The Si-Fan Mysteries*, by Sax Rohmer; *Elaine at the Gates*, by W. B. Maxwell; *Saving Clause*, by Soper; *Red*, by E. F. Benson; *The Lady and the Pirate*, by Emerson Hough; *Smoke Bellew*, by Jack London; *The Young Forrester*, by Zane Grey.

Junior—*Five Little Peppers*, by Margaret Sindt; *The Lost Ball*, by Jennie Chappell; *Uncle Wiggily's Travels*, by Garvis Howard.

Non-Fiction—*Four Plays for Children*, by Sidgwick; *Matter and Energy*, by F. Soddy; *The Principles of Physiology*, by McKendrick.

Library hours are Tuesdays, Thursdays and Saturdays from 7 to 9 p.m. Fee for twelve months \$1.00. We are always pleased to receive donations of good books that are clean and in good condition. Little Marjory Campbell has made us a contribution of two books. Many thanks, Marjory.

THREE FAMOUS STARS IN "EAST IS WEST"

Three famous stars in roles entirely different from anything in which they have ever before been seen, will fill across the screen of the Cole theatre, Bellevue, next Monday and Tuesday, when Universal's all-talking version of the sensational stage success, "East Is West," opens its local engagement.

They are Lupe Velez, fiery Mexican star of "The Gucho," "The Storm" and many other film plays; Lewis Ayres, the Paul Baumer of "All Quiet on the Western Front" and Edward G. Robinson, one of the best known character actors of the stage.

Remember the big baseball contest to be staged at the Natal hall park on Sunday, May 31st, between the Spokane Independents and the Natal-Michel Miners. The game will start at 1:30 p.m., and the Michel band will be in attendance.

Take Long Walks Fat Men are Told

How can you walk off your fat if you haven't any energy to do it? You can take off fat with Kruessen Sals if you will take one-half teaspoon in hot water every morning before breakfast, modify your diet and exercise regularly.

There are six different salts in Kruessen that your body organs must have if you are to enjoy good health. While you are losing fat you will be gaining in vigor, energy, vitality and power of endurance.

That means that soon you will be able to walk many miles without fatigue and enjoy every step you walk.

Drug Stores all over Canada sell Kruessen Sals, and a jar costs but 75 cents—it's a real bargain to fat people.

WORLD HAPPENINGS —BRIEFLY TOLD—

An inter-provincial conference will be held at Ottawa this autumn to discuss federal and provincial taxation boundaries.

The harbour enquiry to be conducted by Sir Alexander Gibb will include the part of New Westminster as well as that of Vancouver.

No trade agreement with Cuba has been made by the Dominion government, although Cuba is considering proposals made by Canada.

Dr. Harriet Clisby, who celebrated her 100th birthday last August and was said to be the oldest woman physician in the world, is dead at her home in West Kensington, England.

A world-wide conference on pool experience and the seeking of remedies was suggested at Leeds, England, by Rt. Hon. J. H. Thomas, Dominion secretary.

The government of France is to have its own legation building in Canada, according to announcement by Hon. C. A. Henry, French minister to Ottawa.

Close to 10,000 Toronto people who have tickets on the Irish Free State Hospital sweepstakes haven't a chance for a prize. Their tickets have been seized in the mails.

Indian farmers throughout the prairie provinces have sown a larger acreage of wheat this year than in the spring of 1930, according to observations of W. M. Graham, commissioner for Indian Affairs.

Rt. Hon. C. R. Atlee, postmaster-general, informed a questioner in the British House of Commons that the government was not prepared to re-introduce penny postage at an early date.

For the first time in Spanish history women will be eligible to membership in the next election. The government has announced that all citizens, irrespective of sex or profession, may be candidates.

Yale Fellowships

Western Canada Students Have Received Awards

The award of 175 fellowships and scholarships, including Canadian awards, and having a value of more than \$130,000, representing the income from gifts of over \$2,000,000, were announced by the graduate school of Yale University recently. The awards cover the study period of 1930-1931.

William F. Hanna, of Winnipeg, B.A., Dalhousie University, 1914, B.Sc., University of Alberta, 1923, Ph.D., University of Manitoba, 1925, will study the genetic relationship of *Tilletia Levis* and *T. Tritici*, the fungi causing "bunt" of wheat.

Edith M. Mason, of Victoria, B.C., B.A., King's College, 1918, M.A., Dalhousie University, 1925, wishes to study the life and works of Collin D'Narville.

Canadian Bond Sales

Canadian bond sales for the year to date amount to \$211,199,396, as compared with \$191,989,321 for the corresponding period of last year, and \$140,814,686 for that of the year before. Purchases by Canadian financial houses made up a total of \$147,306,386, while American firms bought to the extent of \$59,787,000 and British, \$4,100,000.

English golfers are adopting the American no-coat idea.

The Cost Of Sickness

Unnecessary Loss Of Life Each Year From Diseases That Could Be Prevented

(By John Burke Ingram.)

One Canadian out of every three dies ahead of his time, statistics show. One death out of every three deaths that bring sorrow to Canadian communities, large and small, could be postponed. We Canadians are letting our friends and relatives die because we do not know how many diseases there are which could be prevented or because knowing, we will not take the trouble, the simple trouble to prevent them. Why are these diseases not prevented?

That is the question which every thinking Canadian should want answered! For centuries disease was inevitable because mankind had not learned how to prevent it. Doctors used to heal the sick, but it was nobody's business to attempt to prevent sickness from occurring because in those days it could not be done.

Then an English scientist named Edward Jenner, discovered vaccination against smallpox. Doctors began to vaccinate people—which meant that doctors began to treat "Healthy" people, in order to keep them from becoming ill by contracting smallpox. As a result this disease, at one time the greatest scourge of the race, has been beaten down till today it occupies a negligible place among the killers of civilized men.

The success of vaccination made medical scientists think along new lines. If a substance had been discovered which would prevent smallpox, why could not other substances be evolved to prevent other diseases? The idea was sound. Today there is a substance which prevents diphtheria, another to prevent typhoid fever, another against scarlet fever, another to prevent lockjaw, another which in infantile paralysis prevents crippling.

But though science is in a condition to prevent diseases by these and other means, we are not taking advantage of the protection which is offered to us. For centuries we regarded disease as a kind of god, and because it is hard to change the thinking habits of a people in one

single generation we will, even most of our leaders, retain this medieval attitude.

And therefore today, Canada's lifeblood is flowing from wounds inflicted upon her by her enemies—disease germs.

Not merely in dollars and cents alone—disease milks us annually—but also in our man-power, Canada needs population. Canada is constantly bringing foreign and other immigrants to our shore, yet she permits her own sons and daughters to die of diseases which could be, and should be, and some day shall be prevented! Diphtheria and typhoid fever, both preventable, take respectively 1,200 and 1,111 lives annually, yet both diseases are preventable! The death rate from tuberculosis has been cut in two in the past 25 years, and could be even with our present incomplete knowledge halved and halved again. Cancer kills almost 8,000 Canadians every year, and despite the fact that we don't know what causes cancer, this death rate could be cut in half if adult Canadians would cultivate the habit of having themselves periodically and thoroughly examined by a competent physician every month.

And so all through the pitiful list of diseases which now rob us of our best and fairest—heart disease, maternal mortality, infant mortality, venereal diseases, all can be cut down if men and women will realize that they get just exactly the kind of health service that they want and are willing to pay for, and that by backing their public health effort, they may, in some measure, be held responsible for the health of a nation that is too indifferent to help itself.

Divorce By Legislation

The ninth application for divorce in the last 50 years was recently before the legislative council of the Isle of Man. As the island has no divorce law, a special bill must be passed for each case. After the council has passed the bill, it must be passed by the House of Keys, sent to London for royal assent and finally promulgated from the open-air Tynwald Court.

Difference In Force Of Gravity

A body weighing one pound at the earth's surface would weigh 27 pounds at the surface of the sun.

SUNDAY SCHOOL LESSON

MAY 24

JESUS PREPARING FOR THE END

Golden Text: "This do in remembrance of Me."—Luke 22:19.
Lesson: Luke 21:1 to 22:23.
Devotional Reading: Isaiah 53:1-6.

Explanations and Comments

The Preparation For Keeping the Passover, 22:7-13.—While the city of Jerusalem was making ready to celebrate the Passover Supper, the day of unleavened bread, and the chief priests and elders were planning how they might put Jesus to death, Jesus bade two of His disciples, Peter and John, make preparations for their keeping of the feast. "Where," they asked Him, and Jesus directed them to enter Jerusalem, and when they were there to find a pitcher of water to follow Him. Water was carried by women in jars upon their heads, and a man doing this work would be a solitary and unusual figure. To the women would lead them the man who would eat the Passover with His disciples. The owner would show them a large upper room where they would have the Passover. The disciples followed His directions.

They Relate To The Lord's Supper, 22:14-18.—When the hour was come (when evening was come, Matthew), Jesus sat down (reclined on a couch) with His disciples to take of the Paschal Supper. "With desire have I desired [intensely have I longed] to eat this Passover with you before I suffer." Why? For His own sake.

There was comfort for His own heart that He should be able to manifest His love. With tender, solemn thought He had looked forward to it, and He desired the support of His disciples. They were to know something of the sorrow of desolation, and Christ was to prepare them for the dark future. If they were assured of His deathless love they would find comfort when the support of His death came. They could look back on this feast and on these words, and gather strength to suffer and to wait. And so it is for us also who are His disciples. Our feast of love not only represents the desire of the Lord to give Himself, but represents the joy of the gift to us.

The Institution Of The Lord's Supper, 22:19, 20.—And He took bread, and when He had given thanks, He broke it. It was unleavened bread, especially prepared for the Paschal meal. Because He broke off the pieces of bread (which was in the form of hard, flat, round cakes and was always broken, never cut), the ordinance is called the "Breaking of Bread." From the Greek word for "break," "eucharistia," comes our word "Eucharist." And Jesus said, "This is my body which is given for you." And as Jesus took the cup, He said, "This cup is the new covenant in my blood, even that which is poured out for you and for many."

The Startling Announcement, 22:21-23.—It was a startling statement that Jesus made when He said, "But behold, the hand of him that betrayeth Me is with Me on the table." "It was the dropping of a Lucifer's shell into their midst, destroying the whole atmosphere of peace.—Dean Brown.

"For the Son of Man indeed goeth, as it hath been determined," continued Jesus: "But woe unto that man through whom He is betrayed!"

Mosquitoes never breed in swiftly flowing water.

Wicklow, Ireland, is trying to find means of housing its poor.

Illiteracy is deplorable, but it is not as bad as being able to read everything and believing it all.

Gift For King George

Presented With Valuable Addition To Stamp Collection

King George has accepted a valuable addition to his wonderful collection of postage stamps, an album which contains a complete set of the new pictorial postage stamps for the territory of Southwest Africa, together with a series of the issued stamps in unused, marginal blocks of four, for the royal collection. The presentation was made recently on behalf of the Union Government by the high commissioner for South Africa, C. T. Water. These are the first stamps of definitive design to be circulated in the mandated territory, where up to now over-printed types of the Union itself have been employed. The subjects were obtained in open competition from South African artists, and from photographs, sketches and paintings selected by Colonel J. A. Venning, director of posts and telegraphs at Windhoek, while the actual engraving and printing has been carried out by Bradbury, Wilkinson and Company, Limited, at New Malden, Surrey, England.

Recipes For This Week

(By Betty Barclay)

CARROT PUDDING

This is a dessert well liked by those who visit Portugal. It is equally nice served with a pudding sauce or with cream.

- 1/2 cup butter.
- 1/2 cup brown sugar.
- 1 egg.
- 1 cup raw carrots, grated.
- 2 teaspoons lemon peel, grated.
- 1/4 cups flour.
- 1/2 teaspoon salt.
- 1 teaspoon baking powder.
- 1 teaspoon cinnamon.
- 1/2 teaspoon ginger.

Cream the butter. Add the sugar and slightly beaten egg. Stir in the carrots and grated lemon peel. Mix and sift the dry ingredients. Add to first mixture. Bake in a buttered pudding pan for one hour. Serve hot.

BEEF LOAF

- 1 1/2 pounds round of beef.
- 1 quart cold water.
- 1 tablespoon vinegar.
- 1 teaspoon sugar.
- 1 teaspoon sage and thyme, mixed.
- 1 tablespoon Worcestershire sauce.
- Salt and pepper.

Simmer the beef in the water with the salt until meat is tender. Cool. Remove bones and fat, and chop very fine. Boil the liquid until reduced to one cup. Add vinegar, sugar, sage, sauce, thyme, salt and pepper. Mix with the meat. Press into a buttered mold and leave to become thoroughly cold. Serve with tomatoes and lettuce with mayonnaise.

Icebergs contain no salt, because they are formed of glacier ice which was originally snow.

Illiteracy is deplorable, but it is not as bad as being able to read everything and believing it all.

EAGLE Brand is the solution to the numerous difficulties surrounding the feeding of baby in the hot summer months. Send for free authoritative literature.

Canada and Newsprint Production

More Newsprint Made In Canada Than Any Other Country

More newsprint paper is made in Canada than in any other country. In 1930, Canada manufactured 2,504,000 tons, 36 per cent. of the world production of newsprint paper. The tonnage was practically double that turned out in the United States, which was the nearest competitor to the Canadian mills with an output of 18 per cent. of the world total. Great Britain and Germany each manufactured about nine per cent. and Newfoundland and Japan four per cent. each. These six countries accounted for about four-fifths of the world supply of newsprint, which totalled 6,970,000 tons last year.

Though Canada's production totalled 36 per cent. of the aggregate for the upwards of 20 countries producing newsprint, her proportion of the export market was even larger.

Exhibition For Charity

England's fancy mice exhibition, at St. Albans, England, had more than 70 various kinds of plain and fancy mice shown by women fanciers. Mostly experimental, there are few limits to the combinations and cross results obtainable. Among the freak results are white mice with black eyes; silver and tan mice; black and tan mice, and one instance, extremely rare, a blue mouse. Proceeds from the exhibition are for charity.

By a "new decree" all "tooth" buttons must be answered, approved and referred by the government before they can be sold in Argentina.

WHO'S WHO

John A. Mooney

BRINGING to bear upon the affairs of the World's Grain Exhibition and Conference a long agricultural experience, John A. Mooney is the managing director of this coming event to be held at Regina in 1932.

Mr. Mooney was born in Quebec Province and after leaving public school made his entry into the world of commerce by accepting employment in a sawmill. In 1909 he entered the Ontario Agricultural College and four years later, heeding the call of the West, secured a homestead at Dauphin, Manitoba. He soon had 700 acres of heavy scrub land under cultivation.

In spare time Mr. Mooney devoted his energies to the study of agricultural matters and soon became recognized as a competent judge at seed fairs. In 1906 he travelled Western Canada on a "good seed" train under the auspices of the Federal Department of Agriculture, and in 1908 moved to the Regina district, where he operated a 480 acre farm.

Mr. Mooney established the Mooney Seed Company, distributors of good seed. He is closely associated with the Canadian Seed Growers' Association and with other producers' organizations.

THE BOY SCOUTS

It is natural and proper for boys to desire to join an association where they can meet with others of similar age for the purpose of recreation and comradeship. The Scouts offer them just what they want. Not only are there abundant opportunities for healthy play and exercise, but there are also many pleasant ways by which the mind and character are developed. Above all, a Scout is taught to place honor first; his word is to be trusted implicitly. His sense of loyalty to his fellows, to his home, to his King and country is strengthened. He is taught to be manly, self-reliant, helpful. If he is true to the "law," he will be polite and courteous, kindly and friendly; he will smile even under misfortune, for he disciplines himself to "play the game" under all circumstances. The Scout is encouraged to be careful in all things; but there is nothing mean about his thrift. He is always ready to assist others. He keeps his thoughts, his words and actions clean and strives to live up to the highest standards, never failing to do his good deed every day.

It is strange that a movement which sets such high ideals of conduct, the aim of which is to foster peace and good understanding, should be so much misunderstood by some people. Though founded by a great soldier, there is nothing of military character in the training received, beyond the necessity of enforcing proper discipline and order and a desirable standard of physical fitness. The late Lord Rosebery, a former premier of Britain, expressed his belief that a nation of Boy Scouts would be "an honor to mankind." In matters of religion, there is not the slightest attempt to discriminate, the movement being absolutely non-sectarian, but the practical application of religious principles to the daily life of the members is encouraged in every possible way. Politics, of course, play no part in the activities. In addition to the fun provided, much valuable information on a variety of matters is imparted, which often proves most useful to the members.—Hamilton Spectator.

Science never solves a problem without raising ten more problems.

CENSUS QUESTIONS

These are the questions that will be asked about each person by a Dominion Government census-taker some time during the opening week of June:

1. Your name and where you live.
2. Whether your home is owned or rented.
3. The estimated value of your home, if owned; or the monthly rental, if rented.
4. How many rooms are in your home, and is it of stone, or brick, or wood?
5. Is there a radio set in your home?
6. Your relationship to the family (whether the head of family, wife, son, daughter, uncle, etc.)
7. What is your sex?
8. Are you single, married, widowed or divorced?
9. What was your age at last birthday?
10. Where were you born?
11. Where was your father born?
12. Where was your mother born?
13. In what year did you immigrate to Canada? (For foreign-born persons.)
14. In what year were you naturalized (For foreign-born persons.)
15. What is your nationality?
16. What is your racial origin; from what overseas country did you first originally come?
17. Are you able to speak English or French?
18. What is your mother tongue? (For foreign-born persons.)
19. Of what religious denomination are you a member or adherent?
20. Are you able to read and write?
21. How many months at school since September 1, 1930? (For persons of school age.)
22. If you are a gainful worker, what is your occupation?
23. In what industry are you employed?
24. Are you an employer, an employee, or are you working on your own account?
- If you are an employee, you will be asked if you were at work on Monday, June 1, 1931. If you answer "No," you will be asked whether it was because of: (a) no job; (b) sickness; (c) accident; (d) on holidays; (e) strike or lock-out; (f) plant closed; (g) other reason.
- You will also be asked whether you have been out of work for any cause in the last twelve months. If you answer "Yes," you will be asked: How many weeks have you been out of work, and of these how many were due to: (a) no job; (b) illness; (c) accident; (d) strike or lock-out; (e) temporary lay-off; (f) other reason.
- Bob: "When I passed you last night, it sounded like you had a nose in your car."
- Bill: "Did you hear her squeak, too?"

THE PASS SIXTEEN YEARS AGO (The Blairmore Enterprise, 1915)

March 26.—At this week's meeting of the town council, A. McLeod was appointed chief of police, fire chief and sanitary inspector, at a salary of \$30 per month, duties to commence April 1st.

A "farewell" was accorded Rev. W. H. Mun after by the members of the Masonic Lodge on Monday night.

Several cars of oil-well machinery have reached Lundbreck.

The curfew was introduced here this week.

Gus Beckan, who is rusticated with Fisher and Roche at Sentinel, was in town last week end. Gus says that that part of Alberta has gone practically dry.

Willard Wolstenholme has accepted the Ford Motor Co. agency here.

A third of the total coal output of the province of Alberta for 1914 was mined in the Crows' Nest Pass.

A Calgary clergyman made this statement on Sunday last: "The liquor men are after the almighty dollar, and don't give a damn for the other fellow."

George Taggart has severed connection with the Bellevue staff of the West Canadian Collieries, to accept a position with the Rocky Mountains Cement Co.

A strange thing has happened at Picher Station. Fred Collins, who is one of the "fortunates" who have invested too much money in oil stock, has been appointed "stock inspector."

Convictions are recorded at the rate of 14 a week against the Nova Scotia Temperance Act. Unless peace terms are reached in the very near future, it may be considered necessary to send Alberta destroyers to the scene or hostilities. Seeking of booze destroyers, Alberta has many.

A western clergyman was being shaved by a Blairmore barber, who was added to occasional spees. The razor manipulator cut the parson's face, quite considerably. "You see, Joe, that comes from taking too much drink," said the man of God. "Yes, sir," replied Joe, "it makes the skin tender, sir. It does, for a fact."

April 2.—Citizens of Hillcrest bade farewell to Mr. and Mrs. John R. Brown on Monday evening.

Principal J. W. Verge, of the Blairmore school, is attending the teachers' convention at Calgary.

Peter Lund has resigned the management of the Crows' Nest Pass Lumber Company at Warner, B.C.

Mrs. Frances McNeill has resigned the management of the telephone exchange at Blairmore, to be succeeded by Mr. Cope, of Medicine Hat.

Born, at Edmonton, on March 26th, to Principal and Mrs. McCall, Alberta College, a daughter.

April 9.—Peter Tracey, one of the oldest residents of the town, passed away last week. A couple of days after his death, his shack was destroyed by fire.

The ninety-sixth anniversary of Oddfellowship will be observed by the local lodge attending divine service in the opera house on Sunday next, with Rev. Bro. J. F. Hunter in charge.

Up to March 31st, the total receipts of the Canadian Patriotic Fund amounted to \$3,242,404.

Danny Lewis and Michel Rosse appeared in panama hats last week.

Rennie Gresham sustained injury to his hand through the accidental discharge of a gun on Thursday last.

Thomas MacDonnell, one of the proprietors of the Union hotel, passed away at Frank on Tuesday morning.

Peter Carruthers, who but recently enlisted with the Third Contingent, died suddenly of heart failure on Wednesday of this week at Lethbridge. The remains were shipped to Ottawa for interment.

"Only fools are certain, Bobby; wise men hesitate."

"Are you sure of that, Pop?"

"Yes, certain of it."

"What, I have to pay twice as much if the operation is a failure?"

"Of course. Don't you see that in such cases I lose a patient?"

BLAIRMORE UNITED CHURCH

Rev. J. W. Smith, B.D., Pastor

Serve the church that the church may serve you.

Services Sunday, May 24th, the pastor in charge.

11 a.m.—SENIOR SCHOOL.

2 p.m.—JUNIOR SCHOOL.

7:30 p.m.—PUBLIC WORSHIP.

"The man who was not big enough to see Jesus."

Alberta Conference meets in Wesley church, Calgary, on Monday, May 25 to June 1st. During the absence of the pastor, Rev. John Wood, of Bellevue, will attend to requests for pastoral service.

ST. LUKE'S, BLAIRMORE

A. S. Partington, Vicar

Sunday, May 24.—Sunday school in the hall at 10 a.m. Holy Communion at 11 a.m. in the church. As Sunday is Whitunday, all members are asked to attend communion.

Thursday, May 21.—A meeting of smokers will be held in the hall at 8 p.m. All men of the parish are invited to attend.

A BOND FOR A BOND

The Dominion Government makes an appeal to Canadian thrift by providing an opportunity to holders of maturing bonds to continue the benefits they have enjoyed as holders of Canadian's premier security. They may also enjoy the war-time interest rate and other privileges of the bonds they are holding until expiration and at the same time may extend the period of their secure investment for a period of fifteen to twenty-five years on the basis of yields now prevailing.

Yields which are constantly, if slowly, growing smaller and are almost certain to continue to do so; at least this is the opinion of those who are closely in touch with financial conditions and who are in a position to forecast investment trends of the next few years.

This renewal operation does not involve the raising of any additional money and therefore has no effect whatever upon the Dominion's obligations.

Those uncertainties which may have been felt during the period of the world war have long since passed and even the doubts about the return of national prosperity are being dissipated as various economic factors indicate not only that the bottom of the depression has been reached, but that a sound foundation is being laid for constructive developments, even though the recovery may be gradual.

Any study of the price records, over the years, of British Consols or the securities of other representative governments, if related to the present trend of commodity prices and other developments of economic significance leads inevitably to the conclusion that the market for bonds of the highest grade will continue to rise for a period extending considerably beyond the issues involved in this refunding operation.

There is no other logical conclusion from all the circumstances than that the Government in its program to take care of the refunding of heavy obligations created during war-times, at a time when conditions do not permit of repayment out of revenues, is safeguarding the national interest and at the same time providing the Canadian people with an opportunity to continue an investment which has proven its real worth during a period of unusual stress.

The investor who has held a Dominion of Canada bond can do no better than to continue to hold a Dominion of Canada bond.

AN ORIGINAL WILL!

"To my son, I leave the pleasure of earning a living. For thirty-five years he has thought that the pleasure was mine. He was mistaken."

"To my daughter, I leave \$100,000. She will need it. The only good piece of business her husband ever did was to marry her."

"To my valet, I leave the clothes that he has been stealing from me regularly for the last ten years. As so my fur coat that he wore last winter when I was in Palm Beach."

"To my chauffeur, I leave my cars. He almost ruined them, and I want him to have the satisfaction of finishing the job."

"To my partner, I leave the suggestion that he take some other clever man in with him at once if he expects to do any business."—Wall St. Journal.

The Scotsman Willing

Tom Noonan, bishop of New York's

Chinatown, sprung this story recently:

Tom Noonan: "Say, Mac, tell me why, with the thousands of stories invented about Scotch thrift, it's impossible to get a Scotchman's goat. If it happened to any other nation, they would probably start another world war."

Macpherson: "Well, Tom, you ken a wee bit o' mirth is exellint fer the sourest disposition, an' a guid Scotch joke gies the whole world a laugh an' diana cost us Scotchmen a farthin'."

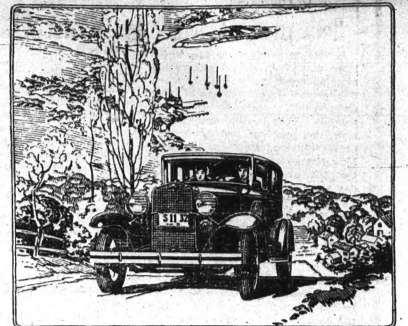

"Help your wife," says a famous domestic expert. "When she mops up the floor, mop up the floor with her."

A writer sent a poem to an editor friend of ours, who has little use for verse. The title of the poem was, "Why Am I Alive?" and the editor sent it back with a note, "Because you sent your poem by mail instead of delivering it in person."

Over the hills and far away

Be ready to go in a Chevrolet Six

PRICED FROM \$610 AT FACTORY, OSHAWA, TAXES EXTRA

ALL outdoors can be yours, this summer. For it is so easy to own a Chevrolet Six. It costs so little when you buy, and while you drive it.

Wherever need or fancy carries you, Chevrolet goes smoothly, quickly, surely. Wherever there are hills to climb, Chevrolet soars up with ease. Mud or sand or rough going are no bar to pleasant havens off the beaten track.

And wherever you go in your Chevrolet, you will go with pride. For with its graceful new bodies by Fisher, its de luxe wire wheels, its longer wheelbase . . . the new Chevrolet has won instant acceptance among people who appreciate smart things.

Break down the barriers of everyday . . . own a Chevrolet Six this summer. Go swiftly, comfortably, safely . . . over the hills and far away.

OVER \$10,000.00 IN CASH PRIZES

The Blairmore Enterprise announces the launching of a big
Dominion of Canada Census Contest

in which every reader is invited to compete

\$5,000.00 IS THE FIRST PRIZE
OVER 100 OTHER CASH PRIZES

Special Cash Awards to Paid-Up Subscribers only

What Is The Population of Canada?

Here is a question of national interest supported by a \$10,000.00 Prize List.
The Census in June will decide the answer.

The big Cash Prizes go to those who most closely estimate Canada's population
according to the government figure.

Read the full details. This splendid offer is sponsored by The Blairmore Enterprise
and the Family Herald and Weekly Star, and open to readers of these two papers.

ACT NOW AND SHARE IN THIS WEALTH OF ATTRACTIVE AWARDS

The subscription price of The Enterprise is ... \$2.00
Per Year.
The subscription price of the Family Herald
and Weekly Star is \$1.00
Per Year.

In the Census Contest we offer

Both papers together for 1 Year New or Renewal \$2.25

Every subscriber remitting \$2.25, to cover a combined
subscription to these two splendid papers at the special
reduced price may make 7 estimates for the big prizes.
Use the coupon appearing on this page for your estimates
or an ordinary sheet of letter paper and mail it with your
subscription at \$2.25.

Seven Opportunities to win \$5,000.00 or any one of
the other big awards. Act now.

Extra Special—\$500 to the winner of First Prize, if he
or she is a paid-up subscriber to The Enterprise, and \$250
if the winner of Second Prize is a paid-up subscriber to
The Enterprise.

Subscriptions-Estimates Coupon

Use this coupon to send in your own or other sub-
scriptions or both. An ordinary sheet of letter paper may
be used instead of this coupon if desired.

Blairmore, Alta. _____ 1931.

To The Blairmore Enterprise

Enclosed find \$_____ to cover _____ club subscription(s)
to The Enterprise and the Family Herald and Weekly
Star for one year each at the combined rate of \$2.25 each.

The above subscription(s) entitle(s) me to _____ esti-
mates as follows:

(If you are sending other subscription besides your own, your sub-
scribers may also make estimates on another sheet. See Rule 6.)

RULES OF THE CONTEST

1.—The Contest is open to all readers of The Enterprise
on the conditions following:

2.—The problem is to estimate what will be the popula-
tion of Canada for 1931 according to the government
census taken in June, 1931.

3.—Each contestant in order to win a prize must con-
tinue to be a subscriber to The Enterprise and the Fam-
ily Herald and Weekly Star until the Contest is over.

4.—The Contest may close any time after notice has
been given by The Enterprise and the Family Herald and
Weekly Star.

5.—Seven estimates will be allowed for your club sub-
scription for one year to The Enterprise and the Family
Herald and Weekly Star provided it is renewed before the
Contest closes.

HOW TO GET EXTRA ESTIMATES

6.—Every present subscriber to The Enterprise who se-
cures one club subscription at \$2.25 from someone who
is not at present a subscriber to The Enterprise will be
entitled to make seven estimates in the Contest, and the
new subscriber will also be entitled to make seven esti-
mates. Get extra estimates for the big prizes by sending
in new subscriptions.

The more new subscriptions you send in to The Enter-
prise the greater are your chances of winning the big
\$5,000.00 prize.

7.—All new subscriptions to count in the contest must be
for persons living in Canada or Newfoundland.

8.—Estimates MUST accompany the subscription orders
and cannot be accepted at a later date or in a separate
envelope. All estimates and subscriptions must be mailed to
The Enterprise.

9.—Credit cannot be given for subscriptions sent in be-
fore the Contest opened or after the closing date.

10.—No changes in the estimates will be allowed.

11.—A contestant may not claim the estimates of the
new subscriber as well as his own. See Rule 6.

12.—Should two or more persons be tied for any prize
that prize and as many others following as there are per-
sons tied will be reserved for them before any prizes are
awarded for less correct estimates.

13.—Only one of the first capital prizes will be paid to
any one person, but more than one of the last ninety-five
smaller prizes may be won by the same person, provided
he (or she) is not also the winner of a capital prize.

14.—Orders and coupons must be dated.

15.—The prizes will be awarded and paid as soon as
the official figures from Ottawa are issued. The census
will be taken during the month of June.

Additional blank coupons for estimates can be obtained
by applying to The Enterprise. If coupon is not available,
write names and addresses and estimates on a plain sheet
of paper.

Population of Canada by Provinces Last Dominion Census, 1921		
Province or Territory—		Population
Prince Edward Island	88,413	
Nova Scotia	523,837	
New Brunswick	337,476	
Quebec	2,361,109	
Ontario	2,933,662	
Manitoba	610,118	
Saskatchewan	537,510	
Alberta	588,454	
British Columbia	524,582	
Yukon Territory	4,157	
Northwest Territories	7,988	
Royal Canadian Navy	485	
Total	8,788,483	

WHAT WILL THE 1931 CENSUS SHOW? THAT
IS THE PROBLEM IN THIS BIG CONTEST.
WHAT WILL BE THE INCREASE IN THE DO-
MINION OVER THE ABOVE FIGURES?

How to Take Part and Win

The Government of Canada will take the census in
June of this year. Every ten years the government takes
this census to determine the population of the Dominion.
In June the government representatives will set to work
to cover every section and make a count of the number of
people resident in Canada. Government statisticians will
then determine just what is Canada's population.

Canada has grown rapidly since the last census in
1921. Just to what extent her population has increased is
the problem of this contest.

The splendid cash awards shown on this page go to
those who can most closely estimate what the government
will find our 1931 population in Canada to be.

What an opportunity for earning a marvellous cash
prize with little or no effort. Be sure to take part.

The Big Prize List - \$10,000.00 in Cash

A Wealth of Golden Dollars for Wide-awake Readers

To the reader who estimates the exact population of Canada	\$5,000.00
To the reader who estimates the nearest to correct figure	2,500.00
To the reader who estimates the second nearest to correct figure	1,000.00
To the reader who estimates the third nearest to correct figure	500.00
To the reader who estimates the fourth nearest to correct figure	200.00
For the next Ten nearest to correct estimates, \$25.00 each	250.00
To the next Twenty-five nearest to correct estimates, \$10.00 each	250.00
For the next Sixty nearest to correct estimates, \$5.00 each	300.00
	\$10,000.00

And In Addition

For Readers of The Blairmore Enterprise only
\$500.00 in Cash as an added prize will be given by The
Enterprise to the paid-up subscriber to The Enterprise
who wins the First Prize of \$5,000.00.

\$250.00 in Cash as an added prize, will be given by The
Blairmore Enterprise to the paid-up subscriber to The
Blairmore Enterprise who wins the Second Prize of
\$2,500.00.

WHO'S WHO

A. E. Whitmore

IN addition to being associated with many other public activities in Western Canada, A. E. Whitmore, of Regina, is vice-chairman of the Executive and Finance Committee of the World's Grain Exhibition and Conference.

He was born at Dunville, Haldimand County, Ontario, in 1876, but when quite young came to the west with his parents. He received his preliminary education in the Regina and Moose Jaw schools, later attending Upper Canada College, Toronto.

Ranching in the district west of Yellow Grass, Saskatchewan, was Mr. Whitmore's first introduction to the agricultural industry of the West, since which time he has become interested in a practical manner with several large farming undertakings. He has donated the use of one of his farms near Regina for the purpose of conducting growing tests of grain entered for exhibition at the 1932 world-wide event, to be made under the supervision of the cerealists from the federal experimental farm branch of the Department of Agriculture.

In 1905 Mr. Whitmore, with his brothers, entered the business field in Regina. From 1908 to 1912 he was a member of the Saskatchewan Legislature. He has also occupied the position of president of the Regina Board of Trade and is head of the Regina Agricultural Exhibition Association. He is a member of the directorate and on the advisory board of several large financial and commercial institutions, is on the board of the Anti-Tuberculosis League of Saskatchewan, a trustee of the Great War Veterans' Trust Fund, and chairman of the Regina Municipal Air Board.

Hon. George Hoadley

HON. GEORGE HOADLEY, Minister of Agriculture for Alberta, has been a resident of Canada since 1890. He was born at Wetherall, England, and received his education at the Carlisle Grammar School and St. Bees College.

In 1902 Mr. Hoadley was a candidate for election to the North West Assembly as an independent farmer for High River. He was not successful, but was elected to the Legislature of Alberta in 1909, 1913, 1917 and 1921.

When the Greenfield Government was formed in August of 1921, Mr. Hoadley was invited to take the portfolios of Agriculture and Health. After assuming office he was re-elected by acclamation and in the general elections of 1921, 1926 and 1930 was again sent to the Legislature as a supporter of the United Farmers of Alberta.

Mr. Hoadley is chairman of the Alberta Provincial Committee of the World's Grain Exhibition and Conference, as well as a member of the Executive and Finance Committee.

Here and There

Total number of poultry on farms at end of 1930 in the Dominion was estimated at 68,735,000, of which 56,247,000 were hens and chickens. Value of this poultry was placed at \$4,462,900.

Radio is to be used to aid in forest fire protection in Northern Saskatchewan. The provincial forestry department has decided to establish a system of look-out towers equipped with short wave radio sending and receiving sets.

A catch of 244 salmon by three anglers in nine days has been reported recently from the Canby River, New Brunswick, by G. W. Scott, of Keene, New Hampshire, who was one of the party and himself netted 111 of the fish.

More United States branch factories are established in Canada than in any other country outside of the United States itself. At the beginning of last year over 500 such factories were in the Dominion, representing investments of \$40,590,000.

Shipping of all kinds entering and leaving Canadian ports has increased 60 per cent. in the last ten years. Total net tonnage, exclusive of coasting, for year to March 31, 1930, was 89,438,789 tons. To this must be added net tonnage of 87,724,273 tons for vessels entered and cleared coastwise.

A cold-headed cane was presented by the Montreal Harbor Commission to Captain A. Freer, master of Canadian Pacific Steamship Duchess of Richmond, on the occasion of the first arrival of the season at Montreal of a trans-Atlantic liner. The Duchess of Richmond reached port April 19.

Increased tourist traffic to Canada from the United States is foreshadowed by reports from Canadian Pacific passenger agents in the U. S., which show a much larger number of enquiries from would-be travellers than in former years. C. B. Foster, passenger traffic manager of the railway, stated recently in an interview at Saint John.

Canada said adieu to her last good-bye to Their Majesties the King and Queen of Spain at the border station of Port, Saskatchewan, whither they had travelled by Canadian Pacific on their journey to New York. They were passengers by the Empress of Japan on that ship's record-breaking passage from Yokohama to Vancouver.

"It's not so much the captain as the chief engineer who makes speed records possible at sea," Captain Samuel Robinson, of the Canadian Pacific liner Empress of Japan, told the Vancouver Board of Trade recently, at a luncheon in his honor, after his ship had clipped another seven hours from her previous speed record across the Pacific. She had averaged 22.27 knots over the 4800-mile course from Yokohama to Victoria, a speed hitherto unheard of.

Largest and most powerful locomotive of its kind in the world and unique on this continent, Canadian Pacific Railway's 9600-type engine, product of Canadian brains and skill and composed largely of Canadian materials, has just been turned out by the Angus Shops of the company at Montreal, for use in the railway's Rocky Mountain territory. Engine and tender weigh together 332,400 lbs. and it has a tractive effort of 90,000 lbs., sufficient to pull a mile-long freight train of 150 forty-ton trucks, weighing 6,000 tons, on a level track. (737)

Crews' Next golfers will journey to Lethbridge next week for a tourney.

F. Sweeney has been appointed town policeman at Pincher Creek at a salary of \$85 per month, and Joseph Kelly utility man at \$75 salary.

Bill Matkoff, Ukrainian, has been sentenced to hang for the murder of John Prosov and John Koslo at Cranbrook on November the 29th last. He will hang on July the 17th.

At a recent meeting of the Pincher Creek Board of Trade, a resolution was passed, recommending that the angling fee for tourists be set at \$1.00 per day, as in British Columbia.

The Stratmore Standard of last week remarks: Lloyd Turner, manager of the Seattle Hockey Club, has picked a promising player in Jim McVey, who played with the Turner Valley-Okeots team last season.

Mr. James Gilmore, local teamster, suffered a severe loss during last week, losing a team valued at about \$250. One of the pair died in a stable while the mate was drowned in the Old Man river two days later.

We were watching the contents of the money box taken from the football game machine at the Willingdon hotel being sorted out the other day and our faith in the integrity of human nature was rudely shaken. You are supposed to put in a big nickel to start the machine and while there was about \$14 worth of

To the Holders of WAR LOAN AND VICTORY BONDS

A Statement by the Minister of Finance

»»

IN THE dark days of the War, Canadians loaned to the Government of the Dominion many hundred millions of dollars to enable the operations of the Allies to be carried to a successful conclusion.

When Canadians loaned their money to the Government, they received bonds which were promises to repay them the sum loaned with interest at the rate of 5% or 5½% per annum. On the 1st of October next, \$53,000,000 of these bonds become due; on the 1st of November, 1932, the maturity will be \$73,000,000; on the 1st of November, 1933, \$446,000,000; and, in 1934, \$511,000,000 must be provided for.

It would not be prudent, either in the interest of the security holders or the country itself, to wait until these loans become due before providing for their payment or conversion. Action must be taken well in advance of the due dates to protect the credit of the country. The Government believes this an opportune time to afford Canadians the opportunity to exchange the bonds, which they own maturing in the next few years, for new bonds of the Dominion of Canada carrying interest at the rate of 4½% per annum, which is a very attractive return. Prior to the maturity date of the present bonds, those who accept this offer will, of course, continue to be paid interest at the rate as provided by the bonds they exchange.

Canadians who have always shown confidence in their country are earnestly invited to exchange the bonds they now own for bonds of the new issue. By so doing, they will render less difficult the task of providing for the future finances of the country, will enhance its credit and will greatly assist the Government in the present period of worldwide readjustments.

No money will be asked for and no new bonds will be sold at this time. It is proposed to limit the present conversion to \$250,000,000, but the Government has the right at its discretion to increase the amount if Canadians indicate a general desire to continue their investments in the securities of their Dominion. The subscription books will close on the 23rd of May.

I earnestly seek the active support of my fellow Canadians in making this conversion, which is one of the largest financial operations our country has undertaken in recent years, creditable alike to Canada and its citizens.

P. B. Sweeney

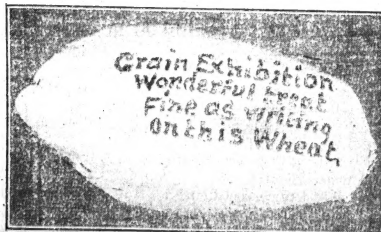

Minister of Finance.

By Cy

Stunts

THERE is practically nothing unusual in the inclination of the human race to perform stunts. There is and always has been a sort of thrill as a consequence of the performer for the danger in doing so—a thrill from the publicity which follows, enjoyment from the envy of others, or the mere inability to resist a dare to do it—something; and, the greater the danger or the more unusual the deed the greater is the compensation.

Probably it was one of these reasons that prompted Lady Godiva to perform her famous ride in the all-together on a white mare's back through the streets of her native town, or Bill Tell to puncture with an arrow an apple while it reposed on the head of his son.

Speaking of antics reminds me of an incident of the early school days of old No. 7 Ribwort. But the story is best told in the words co-operatively put together by a couple of the boys who sat together at one of the old pine desks at the rear of that famous institution of learning, Here it is:

Did you see that big green apple that Punky Stewart stole from Milky Maudson's orchard, that orchard on the knoll? Well, Dusty Miller ate it—the peelings, core and all. The greatest stunt! We dared him. Poor Dusty had the gall, but the doctor couldn't save him. It twisted his tummy right. So Dusty's in his coffin. They'll bury him tonight.

Here's another stunt worth mentioning. It came to light during the slogan contest conducted by the World's Grain Exhibition and Conference to be held at Regina in 1932. One of the 1,800 entries was written on a grain of wheat. It didn't win the \$500 prize, but it is certainly deserving of honourable mention. Accompanying this entry was another grain of wheat upon which the Latin's Prayer was plainly written and I am told by Ripley that the entrant has written 1,300 letters on a single grain.

The performing of this sort of stunt is not so dangerous as leaping the loon or tail-spinning in the air, or driving an automobile over 200 miles an hour, or going over the Niagara Falls in a barrel. It's unusual just the same.

articles there was also several dollars worth of washers, old post office keys, hard rubber bands, a few copper cents and many other items too numerous to mention. It is the same old story again, the depravity of those who are always looking for a chance to get something without paying for it.

—Okeots Review.

Every Sunday the Rev. Edmund Lowmes, vicar of the little parish at Pincher Creek, is holding service in an empty church, while the congregation worships elsewhere, refusing to attend their parish church as the result of a seven-year feud over a piano.

In the case of Steve Janek versus George W. Goodwin, of Coleman and Bellevue, at the civil sittings of the Supreme Court at Macleod last week judgment was given in favor of defendant Goodwin. Goodwin had been sued for damages in connection with a car accident that happened near Blairmore.

Big business mixes with love; an adventurous American youth mixes

with and, like Don Quixote, battles windmills in a whirl of mirth in William Haines' new comedy romance, "A Tailor-Made Man." This new Metro-Goldwyn-Mayer picture will be shown at Cole's theatre, Bellevue, this week end.

George S. Ferris, census commissioner, was in Blairmore last week, giving instructions to those who were engaged to take the district census early in June. The appointees are as follows: George Moffat, Blairmore; Mrs. Dorothy Grant and Mrs. Rose Dunlop, Coleman; Hugh Lancaster, Bricket; S. W. Berry, Pincher Creek; George Linn, Frank; William Potter, Pincher Station; Frank Lynch-Staunton, Lundbreck; William McKay, Cowley; R. Clifford Litcher, Hillebert; J. A. McDonald, Livingstone No. 9; James R. Kerr, Passburg; Percy Lynch-Staunton, Castle River No. 40; C. S. Buchanan, No. 4, Pincher.

The liquor store at Pincher Creek was entered on Saturday night last, at a late hour, and robbed of around seven cases of liquor. To get away with the goods, three lads stole the

postmaster's car and headed east. At Maunell crossing, the car rolled into the ditch and the trio got away with the bulk of the goods, leaving three full cases in the car. On Tuesday, the trio were apprehended at Docket by Sergt. Jones, of Blairmore, and Const. Casway, of Pincher Creek, and were taken into custody together with part of the stolen goods. In the car smash, two of the lads sustained injuries and there were blood stains on the car and the roadside.

Officer Clancy finished duty on his beat extra fatigued one night, and rather than disturb his wife, quietly undressed in the dark and went to bed. Friend wife woke up and complaining of a headache, entreated Clancy to go to the corner drug store for some headache powder. Clancy immediately fumbled for his clothes, got dressed and went and aroused the druggist. After getting the powder, the druggist gazed and enquired: "Aren't you Officer Clancy?"

Clancy: "Sure, and it's me!" Druggist: "What are you doing in that fireman's uniform?"

Thumb Sketches

By Cy

Slogans

greater accomplishment to live up strictly to the spirit of the slogan after we adopt it.

While in a Canadian city recently I thought it best to purchase an extra pair of socks. Seeing the slogan "small profits and quick returns" over the door of a small shop, I went in. I came out with the socks and a cash surplus reduced by 80c. A little farther down the street I noticed a window full of socks marked 59c. An examination disclosed the fact that these were the same weight, made of the same material and bore the same manufacturer's label as those for which I paid 80c.

The World's Grain Exhibition and Conference steered clear of most of the rocks in choosing a slogan by letting the job by tender. Over 18,000 bids were made and these came from all parts of the world. No wonder because there was a nice cheque of \$500 for the successful bidder. A. P. Stretton submitted the best bid. He comes from Calgary, Alberta, and Mrs. Stretton hailed from North Carolina. Take a look at them. "Show what you grow and share what you know" is the slogan submitted by Mr. Stretton. It's appropriate to an exhibition and conference, don't you think? Better still, agricultural men, and women, too, everywhere, are living up to it.

It's a great old world, though, just the same, this good old world of ours, because in it

ONE swallow doesn't a summer make,
Nor two, nor three, nor four.

ONE store can't make a city tough;
It takes a whole lot more.

THE booty prize doesn't make a boob;
Nor ONE drop a sousing rain;

Nor does ONE slip in morals cause
A black, fast color stain.

We wish to be shown any greater waste of money than subscribing to a fund for the erection of a portrait of Mrs. Louise McKinney.

CORBIN HAPPENINGS

A tea and sale of home cooking was held by the Rebekahs in the lodge hall on Wednesday afternoon last. A cake was raffled and won by Mrs. J. Stevenson.

The "Troubadors" of Michel put on a dance in the Club hall here on Wednesday night. A big crowd gathered to enjoy the snappy music provided. The first thunder storm of the season was experienced here on Thursday last.

The play entitled "It Pays to Advertise," put on by Coleman amateur actors, is to be reproduced in the Community hall here on Friday night of this week.

A meeting of the Poothill Club was held last Wednesday evening.

Mr. and Mrs. N. Hulchak are to be congratulated upon the birth of a daughter.

Undaunted by the weather, which at times more closely resembled January than May, a fair sized crowd turned out to watch Hillcrest take the long end of a three-two score over the Corbin football team on Sunday last.

From the kick-off, Hillcrest took the offensive and gave the Corbin goalie several hard shots. Just before half-time, Corbin began to press and were rewarded with the first goal of the game. Early in the second half, snow fell in great quantities and it was hard for the players to control the ball, which found its way into touch on many occasions. Early in the second half Hillcrest drew even, only to again fall behind when Corbin scored their second goal. Two goals were then scored by Hillcrest, who held the play in their opponents' territory for the remainder of the game. Final score—Hillcrest 3, Corbin 2.

A large crowd of Corbin people journeyed to Coal Creek on Saturday for the school sports. Ten children entered from Corbin and showed to fair advantage and thoroughly enjoyed themselves. They were: E. McGruthers, M. Almond, R. Hoffman, M. Kolensky, H. Slemko, B. Elliott, J. Emmerson, F. Coates, J. Dornan and N. Taylor.

PAT BURNS' BIRTHDAY CAKE

Honoring Pat Burns, pioneer rancher of Alberta, on his 75th birthday on the opening day of the 1931 stampede and exhibition, the Calgary Exhibition and Stampede Association will present him with a cake weighing close to 4,000 lbs.

The cake will be of three huge layers, measuring eight feet square at the base and standing seven feet six inches in height. It will be cut into 23,000 pieces and distributed to the crowd attending the first night performance.

It will also be a feature of the parade on the opening morning, July 6. The ingredients of the cake consist of 285 pounds sugar, 304 pounds butter, 389 pounds flour, 12 pounds of spices, 1,150 pounds of raisins, 290 pounds of currants, 190 pounds mixed peel, 190 pounds cherries, 80 pounds of almonds, 80 pounds of walnuts, 120 pounds of dates, 60 pounds candied pineapple, 2½ pounds salt and 380 dozen eggs.

The ingredients of the icing for the cake will consist of 160 pounds of icing sugar, the whites of 310 eggs, 300 sugar roses, 200 sugar lilies, three gross of leaves, and mounted on the cake will be 75 candles.

Canada supplies the bulk of the materials for the cake, but for the ingredients not obtainable here, Australia, Ceylon, France and California are being called on.

Carbonara, the third largest town in Newfoundland, was swept by fire on Tuesday, damage amounting to around \$1,500,000. Six thousand persons are practically homeless.

Pay your debts if you possibly can. You may think your small account is of little importance to the grocer, clothier, hardware merchant or publisher, but multiply this small item by several hundred and it becomes a serious matter to your creditors.

PLAN TO SCRAP

3,000,000 CARS ANNUALLY

The destruction of three million cars a year is proposed by the Institute of Scrap Iron and Steel in a plan to stimulate the market for new automobiles. It is expected that it will be possible to recover more than one-and-a-half million tons of steel and iron, suitable for other uses, from the wrecking of these cars. The plan will guarantee the destruction of used motor cars by certain designated scrapers as they come to them from dealers who have taken the cars in trade. The dealer will, of course, receive a cash bonus from the manufacturer for each car thus removed from the market and a nominal price from the scraper, while the latter is expected to be able to dispose of his manufactured products profitably. Three million cars scrapped each year, it is estimated, will mean, under ordinary conditions, the sale of three million new cars for replacement.

HILLCREST PYTHIAN SISTERS HONOR MOTHERS' DAY

On Friday evening, May the 8th, Mispah Temple No. 9, Pythian Sisters, Hillcrest, held their annual banquet and entertainment in commemoration of Mothers' Day and anniversary of the temple.

Visitors were present from Estak, Bellevue and Coleman.

At the supper table, a toast to "Our King" was proposed by Sister Hutchinson, grand chief. A toast to "Our Mothers" by Sister Jennie-Makin was responded to by Sister Atkinson, P. C. A very appropriate solo was rendered by Mrs. Thomas, of Hillcrest, and much enjoyed. The door prize was won by Mrs. H. Kaye, of Bellevue, and the mystery box by Mrs. Turner, also of Bellevue.

After a few old-fashioned dances were enjoyed, Sister Fraser, of Coleman, was asked to cut the beautiful birthday cake, which was served with ice cream. At midnight, the "Home Sweet Home" was played and each guest was presented with a carnation as a little memento of a happy occasion. Brothers Norman Miller and Billy Kyle kindly furnished the music which was much appreciated.

Mr. Percy Unsworth left on Wednesday morning to take a position at Bassano. Mrs. Unsworth and Dorothy will spend the summer with Mrs. Unsworth's sister in Spokane—High River Times.

COWLEY HAPPENINGS

Wednesday afternoon was observed as clean-up day, when all the business men in town joined together, cleaning the streets and alleys of junk and rubbish and making a clean up in general.

A colony of Doukhobors, living on the W. T. Eddy place, about four miles west of town, who planted a garden in a sheltered location, report having peas up a foot high and coming into blossom.

The Cowley baseball team played the Todd Creek team at Todd Creek on Sunday afternoon, losing to them 6 to 16.

The first sowing of spring wheat is now nicely up and making a good showing, while a lot of the fall wheat that was winter-killed, is being re-sown to spring wheat and other grains. Some of the farmers here are sowing a considerable acreage of flax this spring.

A Conservative meeting was held on Tuesday evening, when Mr. W. E. Tustian was appointed chairman for the locality.

James Leigh was a business visitor to Lethbridge on Wednesday.

Mr. and Mrs. Dix, of the Royal Bank, who have been located for some time at Foremost, have moved to town, where Mr. Dix will take up duties as manager of the Cowley branch.

Miss Helen Morrison, who attended the University of Alberta for the past term, has returned home for the summer holiday season.

William Cochrane and Neil Nicholson, who were business visitors to the district for a few days, returned to their homes in Calgary by motor on Thursday.

Miss Mildred Easterbrook, who was born here and received her education at the Cowley school, was among the recent graduate class of nurses who took training at the Calgary general hospital.

Considerable work has been done recently on the Cowley race track, putting it in first-class shape for racing on Victoria Day. Some work has been done on the judges' stand, also, and refreshment booths are being erected to accommodate the crowd on that day.

The 4th quilt raffled by the Cowley Women's Institute, was won by Mrs. H. C. Morrison.

A dance, sponsored by the Roman Catholics, was held in the Mason's hall on Wednesday night, in aid of St. Joseph's church, when a tidy sum was added to the funds.

Give me for a boss the man who has worked hard and accomplished much, who has met the challenge of adversity with a glad smile, listened to the flattery of success with a doubting ear; who has never belittled the labor that gave him his bread nor fawned on the hand that made up the pay roll. Give me this man for a boss and I'll not work under him, but with him.—Everyman's Almanac.

Canada and World Disarmament

During this present period of world-wide business depression some people, good people too, are heard to thoughtlessly remark that the only way out will be another great war; that such a struggle will be the ultimate outcome of the world's existing difficulties. Such a statement should be the last to pass the lips of any person. Another war, instead of being a cure, would be the final world catastrophe.

Many contributing causes there may be to the economic trials of today, but the main source of all the trouble is to be found in the Great War, 1914-1918. That titanic struggle laid the foundations for what has since taken place. In fact, all students of history fully realize that our present experiences are but a repetition of those which followed the Napoleonic wars. Another great war would have exactly the same results, only worse, because modern world conditions only serve to intensify and prolong such disturbances when they do occur.

Instead, therefore, of even thinking "war," the peoples of all nations should think and talk of nothing but permanent peace, and direct all their energies to the consummation of that ideal.

What is the great financial burden resting on the shoulders of the Canadian people today? It is the debt created by the Great War. The public debt of Canada created in the upbuilding of this Dominion from before the time of Confederation down to 1914 calls for annual interest payments of only \$12,889,000, or only 3 1/2 per cent. of our national expenditures, and approximately \$130 per head of our population. On the other hand, interest charges on the public debt created since 1914 amount to \$108,857,000, or 27 per cent of our annual expenditures, and more than \$100 per head of population in each and every year.

But this is not all of the war burden. In addition to this 27 per cent interest on the war debt, Canadians are required to devote another 12.40 per cent of all expenditures for services arising out of the war, such as pensions, after care of soldiers, etc. That is, out of every \$100 expended by the Government of Canada each year, \$39.42 is directly attributable to the Great War. This is the burden which ties the hands and cripples the efforts of our national government.

Of every \$100 expended by the United States \$50.00 is spent because of war, past, present and future. The war expenditures of Great Britain are in like proportion, or possibly even heavier.

In a recent speech before the International Chamber of Commerce, meeting in Washington, President Hoover declared that the present world depression is largely due to "the destruction of life and property, the great tax burdens, and the social and political instability which resulted from the Great War," and he declared that one major accomplishment which international co-operation could effect in reducing tax burdens, removing a primary cause of unrest, and establishing greater confidence for the long future, was "the limitation and reduction of armaments." President Hoover proceeded to back up his assertion with these startling facts and figures:

"The world expenditure on all arms is now nearly five billions of dollars yearly, an increase of about 70 per cent over that previous to the Great War. We stand today with nearly 5,500,000 men actively under arms and 20,000,000 more in reserve. These vast forces, greatly exceeding those of the pre-war period, still are to be demobilized, even though twelve years have passed since the Armistice was signed, because of fear and inability of nations to co-operate in mutual reductions. Yet we are all signatories to the Kellogg-Brundage Pact, by which we have renounced war as an instrument of national policy, and agreed to settle all controversies by pacific means." Nevertheless, in the face of such a declaration from President Hoover, and also in the face of a huge national deficit of over \$800,000,000 which is enervating economies in practically every department of government, the United States budget for 1932 provides for an increase of \$26,000,000 in prospective outlays on military-naval expenditures.

Canada, too, is a signatory to the Kellogg-Brundage Peace Pact, and as such this Dominion is steadily reducing its expenditures for defence purposes; we have no offensive services. Expenditures for National Defence by Canada are the smallest of any country in the world having anything like the same population or degree of wealth. They total only 5.06 per cent of our annual expenditures; in other words, about two dollars per head of our population.

While, therefore, this Dominion is not at all backward in its efforts for the present state of world disarmament, the Canadian people should be staunch supporters of further disarmament everywhere as a step towards permanent peace. As a people we cannot remain indifferent to the attitudes of other nations, and unless a general reduction in armaments takes place another world tragedy will be enacted, and into it we may again be drawn as active participants, and in any event cannot escape its disastrous effects.

Canada On Air Highways

"Canada is on the air highways which will connect the three great centres of population—Europe, Asia and North America—and it is up to Canadians to see that the Canadian sections of these great air routes are developed and operated by Canadians," said General J. H. MacBrien, president of the Aviation League of Canada, in an address at Windsor, Ontario.

Fragments of cotton cloth 5,000 yards old, found in the ruins of a town in India, were examined microscopically, and the fibres were found similar to a kind of cotton still grown in India.

Establish Air Bases

Two parties of scientists and mechanics have been sent to the Arctic to establish the two base stations farthest north for the proposed Zepelin polar airline, planned to run from Berlin and London over the top of the world, down to Alaska and south to San Francisco.

Agricultural Implement Industry

According to the Dominion Bureau of Statistics, 39 of the 62 firms in Canada engaged in the agricultural implement industry in 1929 were located in Ontario; 12 in Quebec; 5 in Manitoba; 4 in Alberta; and each in Prince Edward Island and Saskatchewan.

Smothering and Fainting Spells

Everything Would Turn Black

Mr. Andrew Black, Harcourt, N.B., writes: "I had been troubled with smothering and fainting spells and everything in front of me would turn black, and I would fall down in a faint and be unconscious for several minutes. I did not know what to do, until one day I was reading where Milburn's Heart and Nerve Pills had helped so many people. I decided I would give them a trial. I used four boxes and found they help me wonderfully."

Price 50c a box

Sold at all drug and general stores, or mailed direct on receipt of price by The Milburn Co., Ltd., Toronto, Ont.

Unearth Ancient Treasures

Valuable Discoveries Made In Kish By Oxford-Field Museum Expedition Jewelry worn at the Court of Nebuchadnezzar, magnificent sculpture of the Sasanian period and royal tombs over 5,000 years old have been discovered by the Oxford-Field Museum Expedition excavating at Kish, near the site of old Babylon. Dr. Stephen Langdon, Professor of Assyriology, Oxford University, director of the expedition, has sent a report to Sir Charles Marston, author of *Essays on the Old Testament*, who states that the jewelry is said to be worth several thousands of pounds.

The expedition is working on three separate strata covering three periods of history. Sasanian sculpture, dating from about 250 A.D., was found on the top layer above the great Temple of Nebuchadnezzar. The find of treasure from the Sasanian period is sensational and includes solid gold ornaments.

"It will be of great interest to know just what has been found because the time of Nebuchadnezzar is one about which we are learning a great deal from recent discoveries, and excavation is supporting the old Biblical narrative to an extraordinary extent," Sir Charles says.

Below the Nebuchadnezzar Temple have been found a further series of Sumerian royal tombs. These are about 5,000 years old and the expedition is just beginning to explore them. Written tablets and cuneiform writings have been recovered which will probably shed light on the history of those times. Sir Charles adds: "It is especially interesting to know that the date of the Floods has now been fixed at 3,400 B.C., so that these tablets are probably older still."

DRAPERIES MADE NEW

"When we resumed housekeeping a month ago I found my draperies had become creased from packing. I had them out on the line, hoping to remove the creases. Then I forgot them. The result was that they were badly faded and sun-spotted."

"I was heart sick until the happy thought struck me to dye them. I just dyed them a deeper green, and as I used Diamond Dyes they look gorgeous and new. I have never seen other dyes to use than Diamond Dyes. They give the most beautiful colors—when used either for tinting or dyeing—and never take the life out of cloth as other dyes do."

Mr. J. F. T., Montreal.

Industrial Manitoba

Industry Gradually Taking Priority Over Agriculture in the Province

Bearing upon the recent statement of J. M. Davidson, of the Industrial Development Board of Manitoba, that industry is gradually taking priority over agriculture in the province, it is pointed out that Manitoba is rich in natural resources, having more than 800,000,000 in ore reserves, 137,000 square miles of timber, and 20,000 square miles of water surface. The province is also extremely rich in metallic and non-metallic minerals. With an annual production of more than \$105,000,000, moreover, Manitoba's 130 industrial plants have a yearly pay-roll of \$35,000,000.

Persian Balm—the unrivalled toilet requisite. Essential to every dainty woman. Imparts rare charm and beauty to the complexion. Softens and beautifies the skin. Makes hands gleefully white. Cools and refreshes. Relieves roughness. Ideal for true feminine distinction. Delicately fragrant. Swiftly absorbed into the tissues, leaving no stickiness. Persian Balm invariably creates a subtle elegance and charm.

Co-Operative Wool Growers

Wool Receiving Warehouses To Be Opened At Portage la Prairie and Regina

The Canadian Co-Operative Wool Growers have completed arrangements for wool receiving warehouses at Regina, Sask., and Portage la Prairie, Man., to receive shipments of wool from June 1 to August 31. A letter has been sent to the wool producers requesting that they forward their shipments to arrive at the warehouses between these dates. Reports show that the volume of wool handled in the past year was 1,038,205 pounds more than the objective for the year, which was 4,000,000 pounds.

Applies On Century-Old Tree

There will be applies this year on the 106-year-old Hudson's Bay apple tree, on the lower part of the bar racks at Vancouver, Wash. The tree grew from a seed planted by a member of the Hudson's Bay Company in 1825, and seldom has missed a year in bearing. A. A. Quarnberg, horticulturist, said it very likely will bear a large crop this season.

More than 21,000,000 acres in Argentina were planted to wheat last season.

Week End Cruises

Cunard Line Will Inaugurate Week-End Cruises From New York To Nova Scotia

In an effort to further increase the popularity of Nova Scotia as a tourist country among Americans the Cunard Line announces that their now famous "Week-End Cruises" scheduled for the months of July and August will include a call at a Nova Scotian port.

The statement that was issued by Arthur Randies, general passenger traffic manager of the Cunard Line in Canada, also pointed out the fact that not only will the "Week-End Cruises" call there, but those of the special summer cruises under the auspices of the National Tours, will also make Halifax a port of call. The co-operation of the Nova Scotian authorities has been secured and every effort will be made to see that passengers on these cruises are given as much time ashore as possible to view the many attractions of the maritime province have to offer.

"This will be the first time," said Mr. Randies, "that three giant express liners of the size of the 'Berengaria,' the 'Aquitania,' and the 'Mauretania,' have called at Halifax except that the 'Aquitania' and the 'Mauretania' occasionally visited the ancient port during the war. The first sailing of the 'Week-End Cruises' to call at a Nova Scotian port will be the 'Aquitania' July 3rd, from New York. These cruises will be carried on throughout the summer until the last sailing of the 'Mauretania' leaving New York on September 18th, while the 'Berengaria' will leave New York on July 27th with the 'Transylvania' and finish with the sailing from New York on August 31st of the 'Cameronia'."

Until July there are scheduled four "Week-End Cruises" from New York, the first leaving New York on May 2nd in the 'Aquitania,' calling at Bermuda. The second cruise will be that of the 'Mauretania,' leaving New York on May 15th, calling at the Bahamas Islands. The third cruise is that of the 'Berengaria,' leaving New York on May 29th and calling at Bermuda, to be followed by a cruise of the 'Mauretania' on June 12th to Nova Scotia. The "Week-End Cruises" to Nova Scotia will then follow. The cruise of the 'Berengaria' is also unique in the fact that it is the largest liner ever to visit Nova Scotia.

These week-end cruises, the first of which have proven so popular, are drawing capacity bookings. On board the attractions include dances, moving pictures, on deck sports, and every type of ship entertainment and the extremely low rates available make them very attractive.

"The reason for these cruises is to familiarize the vast number of people on this side of the Atlantic who have never had the pleasure of sailing in an ocean liner, and to give them the opportunity of making a trip on one of the 'Big Threes' with little or no time away from their business."

The calls at Nassau and Bermuda allow passengers to do some sight-seeing or enjoy the local attractions such as trips in the glass-bottomed boats to Paradise Beach, and sea bathing.

Officials of the Cunard Line expect that the call at the Nova Scotia port at the best time of the year will enhance the popularity of these week-end cruises.

A Constituent Of Concrete

Portland cement is used as one of the constituents of concrete for the construction of foundations, dams, road surfaces, buildings, and building blocks, cement mortars, and for many other purposes. It is one of the most important of our structural materials. Materials suitable for the manufacture of Portland cement occur in all but one of the provinces of Canada.

Like a Grip At The Throat. For a disease that is not classed as fatal but is probably one which causes more terrible suffering than asthma. Sleep is impossible, the sufferer becomes exhausted and finally, though the attack passes, is left in unceasing dread of its return. Dr. J. D. Kellogg's Asthma Remedy is a wonderful remedial agent. It immediately relieves the restricted air passages as thousands can testify. It is sold by dealers everywhere.

Indianapolis News: The man who looks neither to one side nor the other, but who faces the front, his gaze intent upon his guiding star, is likely to be hit by somebody making a right turn.

Flame from ethylene gas may be as hot as 1,975 degrees Centigrade.

National Enrolment

May Be Compulsory

Bill Introduced In Senate Asks Registration Of People In Canada

Compulsory registration of all persons in Canada over the age of 18 years would be provided for under a bill introduced in the Senate by Senator J. B. Cagrain. Registration would be followed by the issue of a certificate with the person's photograph and signature on it.

Certain exceptions to the universal registration would be allowed. Cloistered nuns, members of the Royal Canadian Mounted Police or any provincial or municipal police force, inmates of asylums for the insane or mentally defective, inmates of penitentiaries and prisoners or of such other institutions as might be accepted by the minister in charge of the administration of the act would not have to register.

The act would apply to everyone in Canada, including British subjects and aliens. All would have to register within a named time and all persons subsequently reaching that age would have to register within one week of their 18th birthday.

In applying for registration a person would be required to state his nationality and, if a British subject, whether he became so by birth or naturalization. He would also submit a photograph which would be attached to his certificate.

New Use For Music

Elgar's Rousing March Clears Brooklyn Store At Closing Time

You may not have realized it, but one of the matters to which department store executives have devoted a great deal of thought is how to get rid of their customers at closing time without actually pushing or shoving them out. A gentleman who wandered late one afternoon into Abraham & Strauss' in Brooklyn, New York, reports a neat way they have of doing it there. He saw it work. At five-thirty a gong rang: immediately from loudspeakers scattered throughout the store walls issued the rousing strains of Elgar's "Pomp and Circumstance." Ladies lingering over bargains straightened, seized their parcels, and in no time were swinging briskly along toward the exits. The floorwalker he questioned, was enthusiastic about the idea, said it was the best they'd ever had for the purpose, and, incidentally, paid a high tribute to Elgar. His march, the floorwalker said, cleared the store faster than anything else they had been able to find by extensive experiments.

For Scalds Or Burns.—Dr. Thomas' Electric Oil is a standard remedy for the prompt treatment of scalds and burns. Its healing power quickly soothes the pain and aids a speedy recovery from the injury. It is also an excellent remedy for all manner of cuts, bruises and sprains, as well as for relieving the pain arising from inflammation of various kinds. A bottle in the house and stable saves many a doctor's and veterinary's fee.

The iron ore fields of Lapland, which is entirely north of the Arctic Circle, are among the most valuable in the world. Their ore averages from 58 to 70 per cent of iron.

A swift monoplane, a Lockheed Vega, the same design of ship in which many trans-continental speed records have been set, will be used. The take-off is set for June 21.

Germany has a huge new freight plane.

HEADACHE?

Why suffer when relief is prompt and harmless?

Millions of people have learned to depend on Aspirin tablets to relieve a sudden headache. They know it eases the pain so quickly. And that it is so harmless. Genuine Aspirin tablets never harm the heart. Read directions in package for headache, neuritis, summer colds, pain of all kinds.

 (Made in Canada)

World's Grain Exhibition

Spain Making Arrangements To Participate In Conference

Though Spain is very busy just now reorganizing its national administration, the importance of the World's Grain Exhibition and Conference to be held at Regina, July 25 to August 26, 1932, has not been lost sight of.

A few days ago the headquarters office of the Exhibition and Conference was advised by the General Director of Agriculture of the Spanish Ministry of National Economy that a special committee of cereal agriculture had been appointed to devote itself to the definite organization of participation by Spain in the World's Grain Exhibition and Conference.

Spain has a particular interest in the forthcoming world-wide grain exhibition and conference in that it is a preponderantly agricultural country. Its productive area is calculated at 114,000,000 acres of which, last year, nearly 12,000,000 acres were sown to wheat, 5,000,000 acres to barley, 2,000,000 acres to oats and 1,500,000 to rye.

Seventeen countries have now officially accepted the invitation to be represented at the Exhibition and Conference, namely: Italy, Peru, Yugoslavia, Guatemala, New Zealand, Czechoslovakia, the Netherlands, Belgium, Poland, Siam, India, Portugal, Switzerland, Estonia, the Philippines, the Argentina and Spain.

Plans Round Trip Flight Over Ocean

Commander MacMillan and Pilot Will Attempt Hop In June

In the role of trans-Atlantic flyer whose goal is the first round trip crossing of the North Atlantic by airplane, Commander Donald B. MacMillan, veteran explorer of the Arctic, will attempt to fly back and forth between Boston and London this summer.

A swift monoplane, a Lockheed Vega, the same design of ship in which many trans-continental speed records have been set, will be used. A Los Angeles flyer, Charles F. Rochette, will pilot the ship. The take-off is set for June 21.

Germany has a huge new freight plane.

Cut Down Food Wastage

--- by covering all perishable goods with Para-Sani Heavy Waxed Paper, Para-Sani moisture-proof texture will keep them fresh until they are ready to use them.

You'll find the Para-Sani sanitary knife-edged carton handy. Or use "Centre Pull" Packs in sheet form for less exacting uses. At grocers, druggists, stationers.

 HAMILTON, ONT.

Western Representatives:
HUNTER-MARTIN & CO., REGINA, SASK.

STATEMENT OF AIRSHIP POLICY FOR G.T. BRITAIN

London.—Making his long-awaited statement on the future airship policy of Great Britain, Prime Minister Ramsay MacDonald indicated in the House of Commons that Britain's airship activities would be confined largely to scientific research. The R-100 will be retained without alterations as a ship for experimental purposes, and the base at Cardington will be kept up on a research basis.

Mooring masts established at St. Hubert airport, near Montreal; at Ismailia, Egypt, and Karachi, India, will be retained subject to the assent, so far as the St. Hubert mast was concerned, of the Canadian government. He was sorry, the prime minister added, that the Canadian government had not replied as yet to inquiries as to its views on the St. Hubert mast.

"The idea was that with the co-operation of the Canadian government on the same scale as it gave us in the construction of the mast, the mast would be kept up while a new scheme is in operation."

Several speakers urged the Canadian government should be asked to increase the production of helium. F. Montagu, under-secretary of state for the air ministry, replied that in view of the limited program of the R-100 there was no necessity to consider the substitution of helium for hydrogen gas. The cost should also be considered. There would be a capital charge of \$500,000 for a plant on this side and an annual expenditure of \$100,000. Besides, he said, the great lift of hydrogen was an important factor. Mr. Montagu's explanation closed the debate.

Cannot Collect Income Tax On Indemnities

Supreme Court of Canada Hands Down Important Ruling

Ottawa.—Insurance indemnities are not liable to Dominion income tax. The Supreme Court of Canada held in allowing the appeal in the case of the British Columbia Fire and Cigar Lumber Company against the King. The company's claim for damages to its plant and property from fire, also against loss from shut-downs of the plant resulting from fire, A. Shumaker, president and insurance companies paid the company \$30,000. The National Revenue Department claimed the money was income and therefore taxable. That view was supported by the British Columbia Court of Appeal. The Supreme Court of Canada, however, decided to the contrary.

Conference On India

Second Round Table Conference To Be Held In London

Bombay, India.—The first week of November was tentatively set for the second round table conference at London on an Indian constitutional status. The federal structure committee, which will undertake preliminary work, will meet in London in September.

The conference should be concluded by Christmas, exploring in less than two months problems of self-government and necessary safeguards for the great continental peninsula with its 350,000,000 souls.

There will be 100 or more delegates, including Mahatma Gandhi, whose vast constituency, the Indian Nationalists were not represented in the round table conference recently concluded at London.

Rival Aces Meet

Wing Commander Bishop Shakes Hands With German Flyer

Montreal.—Canada's foremost war ace, credited with more aerial victories than all other allied pilots, met Major Hugo Koenig, ex-commanding officer of Baron Von Richthofen's Flying Circus recently. Wing Commander William Avery Bishop, V.C., shook hands with the German flyer, and then the two sat down and conferred upon scenes over the Arras sector of the front away back in 1917. Major Koenig said that Bishop was as highly respected as Richthofen by the Germans at home.

Carry On Thriving Trade

Ottawa, Ont.—When the Islands of St. Pierre and Miquelon were ceded to France after the conquest of Canada by the British, it was little dreamed the time would come when they would rank ninth among the nations of the world in total trade with the Dominion. Consisting almost entirely of liquor, Canada in the last fiscal year of the two islands a total of \$13,004,479, out-ranking Australia, Ireland, Argentina, Brazil, China, Mexico, Sweden and Denmark.

Riots In Spain

Government Orders Confiscation Of Private Property Of Alfonso

Madrid, Spain.—Following further anti-clerical riots in Spain, in spite of the strict watch of soldiery, the government has decreed the confiscation of the private property of King Alfonso, pending an investigation and commanded provincial governors to use the strictest measures to restore order.

Meanwhile Cardinal Primate Segura, a Catholic archbishop of Toledo whose pastoral letter created a stir over a week ago, had crossed the Spanish border and was on his way through France, presumably on a journey to Rome.

Several more churches and Catholic religious houses were burned and sacked in provincial cities, in spite of the fact that martial law had been declared in most of the larger centers.

A nation-wide check-up of police forces, civil guards and provincial governors was ordered by the cabinet. The action resulted from the government's belief that some of these officials have not been stern enough in dealing with the situation.

Twenty-nine chiefs of police or their lieutenants, several officers of the civil guards and one secretary of a provincial governor were discharged for alleged incompetency.

It was reported also that some provincial governors were to be displaced.

Cardinal Segura, accompanied by his brother, Canon of the Toledo Cathedral, drove in an automobile to the French border at Hendaye, France, and continued from there to Toulouse. It was supposed they were bound for Rome.

For Armament Reduction

Canadian Womanhood and Organized Labor Support League

Ottawa, Ont.—Canadian womanhood and organized labor strongly support the League of Nations and its aims. It was reported at the ninth annual meeting here of the League of Nations Society in Canada. It was made known that a huge petition will be presented on behalf of the women of the Dominion at next year's meeting of the Naval Disarmament Conference, urging reduction of the manufacture of instruments for warfare.

Tom Moore, president of the Dominion Trades and Labor Congress and its representative on the society's executive, declared before the gathering far more was being spent in all countries on armaments than on social reform.

"It is necessary that we find some means by which money may be devoted to the betterment of the people instead of upon means of destruction," he added.

A number of other speakers reported the organizations which they represented supported the work of the League of Nations. Among these were Mrs. C. Field Robertson, of the Federated Women's Institute embracing 80,000 Canadian women; Mrs. J. A. Wilson, president of the National Council of Women, and Miss Agnes MacPhail, M.P., who reported for the United Farmers of Ontario.

Interview By Television

Mrs. Philip Snowden Gives Interview Through New Medium

London, England.—While Rt. Hon. Philip Snowden, Chancellor of the Exchequer, was confined to bed for a few days under doctor's orders, the Daily Herald quoted Mrs. Snowden in what it described as "the first interview by television in history."

Both the interviewer and Mrs. Snowden were visible as well as audible to each other, one in the Herald's office and the other at 11 Downing Street. Asked about the chancellor's health, Mrs. Snowden told the reporter: "He has had rather a setback this week. I'm afraid. But I do not think it is serious. However, it has temporarily deprived him of the use of his legs to some extent."

Mr. Snowden virtually rose from a sick bed a short time ago to place the budget before the House of Commons. His physicians today told him to return to bed.

King Of Siam Better

Purchase, N.Y.—King Prajadhipok of Siam was reported by Dr. John M. Wheeler as showing further signs of improvement following removal of the cataract from his left eye Sunday. No sign of infection was noted when a second dressing was given.

Many Given Employment

Ottawa, Ont.—Latest figures in connection with the Dominion Government unemployment relief scheme show that 272,000 persons were given employment in Canada up to April 30 under the joint federal-provincial-municipal program of public works.

Detect Nationalistic Spirit

British Trade Mission Finds Deeds In Canada To Foster Domestic Trade

London, England.—Members of the Trade Mission which visited Canada and the United States in the interests of the Scottish woolen industry told newspapermen that they had been struck by the "intensely nationalistic feeling" in Canada.

In Canada there was a desire to foster Canadian secondary industries at all costs, coupled with a desire to buy at home, the manufacturers said. This feeling did not exist in the United States, they said. It was essential that Scottish manufacturers should have better publicity and a better selling organization in both countries the members of the mission stated.

Frederick L. Blair, of Boston, who heads an expedition this summer to seek buried treasure upon Oak Island, off Nova Scotia. Mr. Blair has spent 30 years already in an effort to unearth the treasure from "Money Pit." Copyright by Acme Newspictures.

IS OPPOSED TO ANY CHANGE IN BANKING SYSTEM

Ottawa, Ont.—The banking system of Canada is adequate to the needs of this country and no reason exists for a change. This was the opinion expressed in the House of Commons by Rt. Hon. R. B. Bennett, prime minister and acting minister of finance.

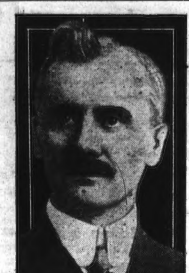

Mr. Bennett asserted that the Canadian system embraced those great basic requirements which are essential to its success. It provided the people with a safe depository for the money which they desired to save, and it furnished to those people requiring money adequate facilities for borrowing.

Mr. Bennett emphasized that complicated discussion which sometimes took place in respect to banks and their place in the community, must always resolve itself into a simple, single inquiry: "Has the bank, through its management, had due regard in lending money to the fact that it may be called upon to repay that money to the source from which it was borrowed?"

"It may well be," Mr. Bennett declared, "that the time will come in this country when it is deemed desirable to expand our system as it now exists. I am not saying it will not. I am one of those who believe that you cannot today with respect to financial operations, say with certainty what it may be desirable to do tomorrow, using the word tomorrow, not in its literal sense but in relation to time as we employ the term in financial operations."

Discussion arose on a motion of G. G. Coote, U.F.A. member for MacLeod, Alta., asking the House to declare that "there should be established in Canada a nationally-owned central bank." At some length Mr. Coote advocated the establishment of such a bank, declaring that it could take over many of the duties now discharged by the department of finance, administration of the Finance Act, probably the issuance of Dominion notes and supervision of the Post Office Savings Bank. He expressed the view that intelligence and effective control of credit in Canada could best be obtained through some such central institution.

TO SEEK BURIED TREASURE

Estimated Wheat Acreage

Government Figures Based On Farmers' Plans May 1

Ottawa, Ont.—The estimated acreage of spring wheat in all Canada for this season is 22,152,300, as compared with 24,082,900 last year. This estimate was announced by the Dominion Bureau of Statistics in a crop report issued May 1. This meant that 1,930,000 acres less will be under wheat during 1931 than was the case in 1930.

In Alberta the acreage is 89 per cent of last year; in Saskatchewan, 92 per cent; in Manitoba, 92 per cent; in Ontario, 99 per cent; Quebec, 100 per cent; New Brunswick, 95 per cent; in Nova Scotia, 98 per cent; British Columbia, 102 per cent; Prince Edward Island, 101 per cent. The acreage for all Canada for spring wheat is 92 per cent, as compared with 100 last year, a decrease of eight per cent.

The report explains that the figures are to be regarded only as an indication of the seeding plans of farmers on May 1. The actual acreage sown may be changed by later consideration, particularly by soil and weather conditions and by price movement.

Education In Penitentiaries

Ottawa, Ont.—Greater opportunity for educational expansion should be given inmates of Canada's penitentiaries, believes Miss Agnes MacPhail, lone woman member of the House of Commons, who addressed an Ottawa service club. The increase in penitentiary inmates was attributed by Miss MacPhail to the prevalent depression and unfavorable home conditions.

Has Letter For Premier

Tokyo, Japan.—Selji Yoshihara, Japanese airman, who is attempting a States via Canada, is carrying with him a letter from Japan to the United States, a sealed letter from the north Pacific, a sealed letter from Hon. Herbert Marler, Canadian minister in Tokyo, to the prime minister of Canada, Rt. Hon. R. B. Bennett.

Senator Urges Joint Holiday

Would Have Remembrance Day and Thanksgiving Celebrated Together

Ottawa, Ont.—Joint celebration of Remembrance Day and Thanksgiving will be the aim of a motion which will be introduced in the Senate by Hon. John Stanfield. When the Senate was considering a bill which passed the House of Commons, fixing Remembrance Day on November 11, Senator Stanfield gave notice of his suggested amendment. The bill was referred to a committee, where the proposed change will be considered.

The bill, as it passed the lower House, changed the name of Armistice Day to Remembrance Day and fixed it permanently on November 11. At the present time, it is celebrated on the Monday of the week in which November 11 falls.

Made In West Campaign

Develop Markets For Goods Manufactured In Western Canada

Winnipeg, Man.—Western Canadian manufacturers gathered in conference here and decided to commence a campaign to sell "Made-in-the-West" goods to the prairie folk. A plan was formulated to develop markets for articles manufactured in the Canadian West.

A distinctive identification mark or label placed on all goods was favored by the conference. The mark would show that the articles were produced by prairie labor. Manufacturers and retailers will co-operate closely in furthering the "Made-in-the-West" campaign.

A distinctive identification mark or label placed on all goods was favored by the conference. The mark would show that the articles were produced by prairie labor. Manufacturers and retailers will co-operate closely in furthering the "Made-in-the-West" campaign.

APPROVAL IS GIVEN TO EMPIRE WHEAT QUOTAS

London, England.—The Labor Government has approved the general principle of a quota for Empire wheat. This was the statement of Lord Blairmore, president of the committee in the Labor cabinet, in the House of Lords. The quota would assure the wheat-growing Dominions a certain proportion of the British market.

Lord Blairmore believes the project is quite possible.

"The difficulty is one of detail which cannot be disposed of until after the forthcoming conference at Ottawa. The Dominions do not think it is impossible, neither does the government. Whether the Dominions can formulate a scheme which will be satisfactory, only time will tell," he declared.

Lord Blairmore did not believe a quota on wheat grown in Britain could be of any benefit to the farming industry, since it could not be used without adding to the burdens of the taxpayers.

The decision of the government was not unanimously endorsed by the Lords. The Labor peer, Lord Arnold, made a slashing attack on the proposal. "It is a crude and terribly unsound proposal," he stated. A quota of 95 per cent of the Dominion wheat would not only be practically no increase in the recent British import of Dominion wheat, but would only represent one-fifth of the joint Canadian-Australian surplus, in the current year of 515,000,000 bushels.

It was obvious he said, the economic committee of the Imperial Conference had grave misgivings as to the effect of a quota on prices. Far from furthering Imperial unity it would become a discordant Imperial factor and also invite retaliation by other countries like the Argentine.

Lord Arnold made passing reference to Rt. Hon. R. B. Bennett's offer to the Imperial Conference and the speech of Rt. Hon. J. H. Thomas, Dominion secretary, the language of which, he said, "would shock this House."

But, Bertam Pollock, Bishop of Norwich, challenging Lord Arnold's assertions from beginning to end, said if any kind of Empire preference was found to be good, then more further step could be taken. "We are not necessarily committed to a long series of further steps," he declared.

Lord Blairmore said he followed the reasoning that a quota meant a duty on foodstuffs or raw materials. That was never part of the government's policy and the various Dominions had made it clear they did not desire it. It was not a question of price, but of quantities, and he was unable to see why a quota should prove impracticable.

On the other hand, it was useless for home farmers to have a quota without a guarantee price, which would mean raising the price of wheat from 75 cents a bushel to \$1.50 a bushel. The treatment for the farming industry in the Old Country was an adaptation to new economic conditions, he declared.

EFFORTS MADE TO PROMOTE SALE OF WHEAT

Ottawa.—Every possible effort is being made by the government to find markets for Canadian wheat and to dislodge any antagonistic attitude millers of Europe might have against grain from this country. Hon. H. H. Stevens, minister of trade and commerce, declared in the House of Commons.

When estimates for his department were before the House, Mr. Stevens was pressed by opposition members to rectify the steps taken by the government to find markets for wheat. In response to that invitation, Mr. Stevens said the government, upon assuming office last August, lost no time in instructing Canada's trade commissioners to bend every effort in broadening markets for wheat and flour.

In 1929 and 1930, Mr. Stevens proceeded, an attitude arose in Europe that was against wheat from North America. Rightly or wrongly, Canada was charged with advancing prices. Europe then turned to other markets, changed their screens, so as to admit Argentine wheat, not Canada's. This year the millers were found to be reluctant to change back their machinery and many governments had applied "very drastic protection for their own agriculturists and wheat growers." Other nations adopted a "closed" and "selfish" attitude toward wheat and strenuous propaganda was carried on to use rye or black bread.

"Recognizing these conditions and to dislodge the minds of European millers," continuing Mr. Stevens, "we have tried to build up markets in other parts of the world. But that will take time, it will take years. We have made some progress. We also found new markets in Columbia, small, I admit."

Later on, Mr. Stevens said, the grain trade in Western Canada had changed its policy. That had been followed by a better feeling toward Canadian wheat in Great Britain and he hoped that the situation would soon be entirely rectified.

Place Idle On Land

Plan Proposed To Establish Jobs On Manitoba Farms

Winnipeg, Man.—A scheme to establish jobs on farms has been placed before the Manitoba Government and the city fathers of Winnipeg. J. P. Alexander and J. P. Siemens, of Winnipeg, are authors of the scheme. They urge that huge sums spent on unemployment relief be used to establish families on the land.

Land suitable for farming operations is available at \$10.00 to \$15.00 per acre, the men claim. Their plan would give permanent instead of temporary relief and enable the jobless to produce their own food and in time become taxpayers, the two men state. It is stated that more than 1,100 families have announced their desire to become farmers if the money spent on relief can be used to aid them.

The proposed plan would permit families to occupy vacant farms owned by the government until they can obtain the amount of money advanced, then they will receive title to the land.

Production Not Excessive

Livestock Report Shows Beef Growing Is on Low Basis

Ottawa.—Beef is practically the only human food at the present time that is not in excess production, states the eleventh annual Livestock Market and Meat Trade Review shortly to be published by the Dominion livestock branch.

The Review observes Canada's meat production at present is on a comparatively low basis, but that this does not necessarily guarantee a maintenance of good prices during the present year.

Fire Causes Heavy Loss

Destroys Main Barn on Hay's Dairy Farm Near Calgary

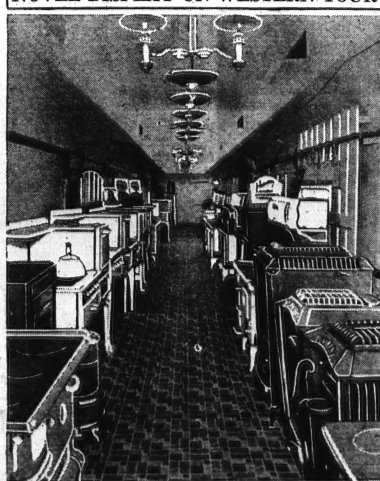

Calgary, Alta.—Loss of \$40,000 partially covered by insurance was suffered by Hay's dairy farm, near here, in a fire that destroyed the main barn, hundreds of bushels of feed and several tons of hay.

One hundred head of prize cattle had been taken from the barn for exercise just 15 minutes before the fire started. Seven head of calves in the barn were led to safety by employees.

Celebrates 88th Birthday

Ottawa, Ont.—Hon. C. H. Mackintosh, who in 1893 was Lieutenant-Governor of the North West Territories, celebrated his 88th birthday at his home here. He is making slow recovery from a severe attack of neuritis and rheumatism.

NOVEL DISPLAY ON WESTERN TOUR

In this specially outfitted Canadian National Railways express car now touring Western Canada, the Canadian General Steel Works are giving actual demonstrations of coal, wood, electric, coal oil and gasoline heaters. While the car will, whenever possible, travel on passenger runs, bunks have been installed for the use of attendants when the car is being hauled by freight.

Softball is all the rage in Blairmore now, and judging from what we can hear, there will likely be around twenty teams engaging.

We understand that Jimmy Burrell and Kid Hughes, junior welterweights, are matched in a championship bout to take place in the Pass in the near future.

Rev. R. C. Tait, at one time in charge of the Presbyterian mission work in Blairmore, has been elected president of the Rotary Club at Campbellford, Ontario.

In the list of questions to be asked in connection with the taking of the Dominion census on or about June the 1st, one question does not appear that was asked us last August, when crossing into the States from Montreal, namely: "Were your parents married?"

Each year prizes are offered for the largest and best fish. This year, The Enterprise offers a prize for the best fish story. Conditions stipulate that the story must not contain one word of truth. Our prize will be a picture of the first ten-pound trout we get in the 1931 season.

The current issue of the Alberta Gazette contains the announcement that the Blairmore Public Library is incorporated under the Societies Act of 1924. The object of the society is to install, equip, operate and maintain a public library for the use and advantage of its members.

Coleman Players were greeted with a good audience here on Friday night last, when they staged their exceedingly popular and laughable production, entitled "It Pays to Advertise." Every character was deserving of the highest praise and repeatedly brought forth vociferous laughter and applause. As a result of the effort of the Coleman Players, the funds of the Boy Scouts were considerably strengthened.

At the regular meeting of the town council on Monday night, a deputation of unemployed appeared to protest against what was claimed to be an injustice in connection with employment of men on the relief road work. The statement was made that men who were working regular working shifts at the mine were being given work also on the road for the greater part of the balance of the week, in preference to those who were absolutely unemployed. They were informed that the council had nothing whatever to do in connection with the road work, but might make recommendation in behalf of the deputation.

In "Abraham Lincoln," which plays at Cole's theatre, Bellevue, next Wednesday and Thursday, again D. W. Griffiths, as in "The Birth of a Nation," has chosen as his theme that tumultuous time that revolved around the colossal figure of Lincoln, days pregnant with great events, hours freighted with titanic emotions, moments charged with tender loves, bitter hates, sacrifice and devotion. Certainly, it is his prerogative to exceed himself, to reach beyond realms already explored, to find new colors in the spectrum of human emotions, new strings to play on the harp of life and give to the world a new conception of moving drama, divinely alive with voice!

Roland Pinkney returned on Monday from Edmonton, where he attended the University of Alberta graduation classes, in which institution he has taken studies for the past four years, terminating his course this year by receiving his bachelor of commerce degree during the ceremonies. His mother and sister, Mrs. F. M. Pinkney and Mrs. E. A. Harper, accompanied him to Edmonton and return.

Kay Francis, featured in William de Mille's new drama, "Passion Flower," is the latest victim of that strange class of people who like to pass themselves off as motion picture stars. Between scenes of M-G-M's adaption of the Kathleen Norris novel Miss Francis was hand a telegram which stated that "Kay Francis" had been arrested in a Northern State for lack of funds and vagrancy. Kay Johnson, Charles Bickford, Lewis Stone, Zasu Pitts and other members of the cast of the new talkie, which will be shown on May 29 and 30 at Cole's theatre, Bellevue, had a good laugh at Miss Francis' expense.

IN MEMORIAM

In loving memory of our dear husband and father, Edward Ennis, who died, May 25th, 1930.

"Oft we sit in silence,
 No eyes may see us weep;
 But deep within our aching hearts
 His memory we will keep."
 Ever remembered by his loving wife and child.

IN LOVING MEMORY

Of our dear son and brother, Edward Ennis, who died May 25th, 1930.

"Just a thought of you dear boy,
 Just a memory fond and true,
 And a taken of affection
 That our hearts still ache for you."
 We seem to see your dear sweet face
 Through a mist of anxious tears,
 For a dear one's part is a broken heart
 And a burden of lonely years."
 Ever remembered by father, mother, brothers and sisters.

The Grand Falls of Labrador, in the interior of that country, rank among the greatest cataracts in the world. They have a height double that of Niagara Falls, which if harnessed could turn all the industrial wheels of eastern Canada. Even the damming of one stream would, it is estimated, produce four and a quarter million horsepower. These falls were definitely awarded to Newfoundland as the recent decision of the Privy Council.

Even Napoleon

would never have won his battles if there had been civil war in his stomach. Physical breakdown comes from warring foods.

MOTHER'S BREAD

is the great harmonizer. One hundred per cent food itself—helps other foods digest, too. Eat it freely—several slices at every meal—know that feeling of peace and contentment.
